## Tuggeranong United Football Club Policy Volunteer Rebates

The aim of this policy is to standardise and make clear the rebates that volunteers for TUFC may receive.

The policy seeks to balance the high value of the club's volunteers, with the financial realities of a community club. An overarching value is that volunteers are by definition, willingly giving their time for no payment, and **in the majority of cases no rebate can be given.**

This policy may be varied or cancelled by the TUFC management committee at any time, and will not necessarily continue from season to season. The management committee may decide on other rewards as it sees fit.

This policy does not cover coach or player remuneration.

1. A rebate of 100% of the volunteer's TUFC player registration fees may be given to volunteers who spend an exceptional amount of their personal time on club activities. Generally this will be doing more than one job, or a particularly time consuming job. Management committee members who fulfil their roles for the full term are automatically included in this category. The Management committee will decide which volunteers satisfy this criterion, with each case on its merits.
2. A rebate of 50% of the volunteer's TUFC player registration fees may be given to volunteers who undertake a particularly large role within the club. The Management committee will decide which volunteers satisfy this criterion, with each case on its merits.

The rebate will be paid at the end of the season for which it is payable, or at the end of the period of service (eg. Summer Sixes).

In the event that a volunteer is not a player for TUFC, they may pass their rebate onto another member, for example a partner or child. No one player may receive more than 100% rebate in one season.

In the event the non playing volunteer chooses not to pass on the rebate, they may receive free entry to all club events, including fundraisers, social events and presentation night.

A rebate will not be paid for registration at any other club.
